IUCN Conservation Monitoring Centre

PART 1

THE CITES LISTINGS IN APPENDICES I, II AND III
incorporating amendments made since
the Convention came into force
and English common names

The scientific names in these lists are based on the official Appendices I and II as at 29 August 1986 and Appendix III as at 13 November 1986, and on previous editions of the official Appendices, produced by the CITES Secretariat. The English common names are derived from many different sources but the main criterion for selection has been aptness. The majority are included in Common Names of Species Listed on Appendices I and II also produced by the CITES Secretariat.

Wildlife Trade Monitoring Unit

Digitized by the Internet Archive

UNEP-WCMC, Cambridge

Appendices I & II - as at 29 August 1986
and incorporating amendments made since
the Convention came into effect

INTERPRETATION

1. Species included in these Appendices are referred to:

- a) by the name of the species; or
- b) as being all of the species included in a higher taxon or designated part thereof.

2. The abbreviation "app." is used to denote all species of a higher taxon.

3. Other references to taxa higher than species are for the purposes of information or classification only.

4. The abbreviation "p.e." is used to denote species which are possibly extinct.

5. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix I and that these populations, subspecies or species are excluded from Appendix II.

6. Two asterisks (**) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix II and that these populations, subspecies or species are excluded from Appendix I.

7. The symbol (N) indicates that further details concerning that taxon may be found in the Notes on pages 30-33.

8. The symbol (P) indicates that details concerning further changes in the listing of that taxon may be found in the Special Flora Notes on pages 33-34.

← () = Upgrading of taxon to Appendix I.

← () = Upgrading of part of taxon (i.e. populations, subspecies or species) to Appendix I.

() → = Downgrading of taxon to Appendix II.

() → = Downgrading of part of taxon (i.e. populations, subspecies or species) to Appendix II.

() = Incorporation of a population, subspecies or species in a higher taxon.

() = Deletion of a taxon from the Appendices.

Appendix III - as at 13 November 1986
and incorporating amendments made since
the Convention came into effect

INTERPRETATION:

1. Species included in this appendix are referred to:
 - a. by the name of the species; or
 - b. as being all of the species included in a higher taxon or designated part thereof.
 2. The abbreviation "spp." is used to denote all species of a higher taxon.
 3. Other references to taxa higher than species are for the purpose of information or classification only.
 4. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix I and that these populations, subspecies or species are excluded from Appendix III.
 5. a) Two asterisks (**) placed against the name of a species indicate that one subspecies is included in Appendix II and that this subspecies is excluded from Appendix III.
 5. b) Two asterisks (**) placed against the name of a species or higher taxon indicate that one or more geographically separate populations, subspecies or species of that species or taxon are included in Appendix II and that these populations, subspecies or species are excluded from Appendix III.
 6. The name of the countries placed against the names of species or other taxa are those of the Parties submitting these species or taxa for inclusion in this Appendix.
 7. Any animal or plant, whether alive or dead, of a species or other taxon listed in this appendix, is covered by the provisions of the Convention, as is any readily recognizable part or derivative thereof.
 8. The symbol (C) placed against the name of a species or higher taxon denotes that this species or higher taxon is included as part of Appendix I, except for Canada which entered a specific reservation with regard to them.
 9. The symbol (f) placed against the name of a species or higher taxon denotes that this species or higher taxon is included as part of Appendix II, except for Canada which entered a specific reservation with regard to them.
 10. The symbol (N) indicates that further details concerning that taxon may be found in the Notes on pages 30-33.
- § These clauses have been inapplicable since 4 February 1977 or 3 April 1977.
- § These clauses have been inapplicable since 5 March 1986.

NOTES

APPENDICES I, II & III

<i>Aburria jacutinga</i>	: Includes generic synonym <i>Pipile</i>
<i>Aburria pipile pipile</i>	: Includes generic synonym <i>Pipile</i>
<i>Amandava subflava</i>	: Also referenced as <i>Estrilda subflava</i> or <i>Sporaeginthus subflavus</i>
<i>Amazona dufresniana rhodocorytha</i>	: Formerly listed as <i>Amazona rhodocorytha</i>
<i>Anas clypeata</i>	: Also referenced as <i>Spatula clypeata</i>
<i>Anas laysanensis</i>	: Also referenced as <i>Anas platyrhynchos laysanensis</i>
<i>Andrias</i> spp.	: Includes generic synonym <i>Megalobatrachus</i>
<i>Aonyx congica</i>	: Also referenced as <i>Aonyx microdon</i> or as <i>Paraonyx microdon</i>
<i>Ara glaucogularis</i>	: Often traded under the incorrect designation <i>Ara caninde</i>
<i>Arborophila brunneopectus</i>	: Includes synonym <i>Arborophila orientalis</i>
<i>Aythya nyroca</i>	: Also referenced as <i>Nyroca nyroca</i>
<i>Balaena</i> spp.	: Includes generic synonym <i>Eubalaena</i>
<i>Balaenoptera borealis</i>	: Appendix I populations were the North Pacific stock and the stock in the area from 0° longitude to 70° east longitude, from the equator to the Antarctic continent.
<i>Balaenoptera physalus</i>	: Appendix II populations were the stock in the North Atlantic off Iceland, the stock in the North Atlantic off Newfoundland and the stock in the area from 40° south latitude to the Antarctic continent, from 120° west longitude to 60° west longitude.
<i>Boidae</i> spp.	: Includes subfamilies <i>Boinae</i> , <i>Erycinae</i> and <i>Pythoninae</i>
<i>Bolyeria multocarinata</i>	: Formerly listed as <i>Bolyeria</i> spp.
<i>Boocercus eurycerus</i>	: Also referenced as <i>Tragelaphus eurycerus</i> ;
<i>Bos gaurus</i>	: Includes synonym <i>Bos frontalis</i>
<i>Bos mutus</i>	: Includes synonym <i>Bos grunniens</i>
<i>Bos sauveli</i>	: Includes generic synonym <i>Novibos</i>
<i>Bradypodion</i> spp.	: Formerly included in <i>Chamaeleo</i> spp.
<i>Bradypus variegatus</i>	: Includes synonyms <i>Bradypus boliviensis</i> and <i>Bradypus griseus</i>
<i>Bubalornis albirostris</i>	: Includes synonym <i>Bubalornis niger</i>
<i>Bubalus depressicornis</i>	: Includes generic synonym <i>Anoa</i>
<i>Bubalus mindorensis</i>	: Includes generic synonym <i>Anoa</i>
<i>Bubalus quarlesi</i>	: Includes generic synonym <i>Anoa</i>
<i>Bubulcus ibis</i>	: Also referenced as <i>Ardeola ibis</i>
<i>Cabassous tatouay</i>	: Includes synonym <i>Cabassous gymmurus</i>
<i>Carduelis cucullatus</i>	: Formerly included in genus <i>Spinus</i>
<i>Carduelis yarrellii</i>	: Formerly included in genus <i>Spinus</i>
<i>Casarea dussumieri</i>	: Formerly listed as <i>Casarea</i> spp.
<i>Casmerodius albus</i>	: Also referenced as <i>Egretta alba</i>
<i>Cercopithecus diana</i>	: Includes synonym <i>Cercopithecus roloway</i>
<i>Cervus dama mesopotamicus</i>	: Includes generic synonym <i>Dama</i> ; includes synonym <i>dama</i>
<i>Cervus porcinus annamiticus</i>	: Includes generic synonyms <i>Axis</i> and <i>Hyelaphus</i>

- Cervus porcinus calamianensis* : Includes generic synonyms *Axis* and *Hyelaphus*
- Cervus porcinus kuhli* : Includes generic synonyms *Axis* and *Hyelaphus*
- Choromytilus chorus* : Formerly included in genus *Mytilus*
- Civettictis civetta* : Includes generic synonym *Viverra*
- Clelia clelia* : Includes synonym *Pseudoboa cloelia*
- Colobus pennanti kirki* : Includes synonym *Colobus badius kirki*
- Colobus rufomitrat* : Includes synonym *Colobus badius rufomitrat*
- Columba iriditorques* : Also referenced as *Turturoena iriditorques* or *Columba malherbii* (in part)
- Coryphantha minima* : Also referenced in genus *Escobaria*
- Coryphantha sneedii* : Also referenced in genus *Escobaria*
- Crax mitu mitu* : Includes generic synonym *Mitu*
- CROCODYLIA* spp. : Includes *Alligatoridae*, *Crocodylidae* and *Gavialidae*
- Cyclagras gigas* : Also referenced as *Hydrodynastes gigas*
- Cygnus columbianus jankowskii* : Includes synonym *Cygnus bewickii jankowskii*
- Dendrocygna bicolor* : Includes synonym *Dendrocygna fulva*
- Dusicyon griseus* : Includes synonym *Dusicyon fulvipes*
- Echinomastus erectocentrus* : Also referenced in genus *Neolloydia*
- Echinomastus mariposensis* : Also referenced in genus *Neolloydia*
- Epioblasma* spp. (9 entries) : Also referenced in genus *Dysnomia*
- Epioblasma curtisi* : Formerly listed as *Epioblasma florentina curtisi*
- Epioblasma florentina* : Formerly listed as *Epioblasma florentina florentina*
- Equus hemionus* : Includes synonyms *Equus kiang* and *Equus onager*
- Erymnochelys madagascariensis* : Formerly included in *Podocnemis* spp.
- Eschrichtius robustus* : Includes synonym *Eschrichtius glaucus*
- Estrildidae* spp. : Previously included in *Ploceidae* spp.
- Euplectes afer* : Also referenced as *Euplectes afra*
- Euplectes ardens* : Also referenced as *Coliuspasser ardens*
- Euplectes macrourus* : Also referenced as *Coliuspasser macrourus*
- Euplectes orix* : Includes synonym *Euplectes franciscanus*
- Eupleres goudotii* : Includes synonym *Eupleres major*
- Falco peregrinus* : Includes synonyms *Falco pelegrinoides* and *Falco babylonicus*
- Felis caracal* : Also referenced as *Lynx caracal*; includes generic synonym *Caracal*
- Felis rufa escuinapae* : Also referenced as *Lynx rufus escuinapae*
- Fitz-Roya cupressoides* : Formerly listed as *Fitzroya cupressoides*
- Galictis vittata* : Includes synonym *Galictis allamandi*
- Geochelone elephantopus* : Also referenced in genus *Testudo*
- Geochelone radiata* : Also referenced in genus *Testudo*
- Geochelone yniphora* : Also referenced in genus *Testudo*
- Glaucis dohrnii* : Formerly included in genus *Ramphodon*
- Houbaropsis bengalensis* : Also referenced as *Eupodotis bengalensis*

- Lagonosticta larvata* : Also referenced as *Estrilda larvata*; includes synonym *Lagonosticta vinacea*
- Leontopithecus* spp. : Includes generic synonym *Leontideus*
- Lobeira macdougallii* : Also referenced as *Nopalxochia macdougallii*
- Lonchura bicolor* : Includes generic synonym *Spermestes*
- Lonchura cucullata* : Includes generic synonym *Spermestes*
- Lonchura fringilloides* : Includes generic synonym *Spermestes*
- Lonchura malabarica* : Also referenced as *Euodice cantans*
- Lutra longicaudis* : Includes synonyms *Lutra annectens*, *Lutra enudris*, *Lutra incarum* and *Lutra platensis*
- Lycaste virginalis* var. *alba* : Also referenced as *Lycaste skinneri* var. *alba*
- Malimbus rubriceps* : Also referenced as *Anaplectes melanotis*
- Mammillaria pectinifera* : Also referenced as *Solisia pectinata*
- Mandingoa nitidula* : Also referenced as *Hypargos nitidulus*
- Manis tetradactyla* : Includes synonym *Manis longicaudata*
- Melanochelys tricarinata* : Includes generic synonyms *Nicoria* and *Geoemyda* (part)
- MESOGASTROPODA** : Formerly listed as PROSOBRANCHIA
- Microcycas calocoma* : Formerly included in CYCADACEAE
- MYTILOIDA** : Formerly listed as ANISOMYARIA
- Nasalis* spp. : Includes generic synonym *Simias*
- Nesoenas meyeri* : Also referenced as *Columba meyeri*
- Niltava ruecki* : Also referenced as *Muscicapa ruecki*
- Opopsitta diophthalma coxeni* : Includes generic synonym *Cyclopsitta*
- ORCHIDACEAE** spp. : Includes subfamilies *Apostasioideae* and *Cypripedioideae*
- Ornithoptera* spp. : Ssensu D'Abrera
- Oryx dammah* : Includes synonym *Oryx tao*
- Otus gurneyi* : Also referenced as *Mimizuku gurneyi*
- Ovis orientalis ophion* : Includes synonym *Ovis aries ophion*
- Papio leucophaeus* : Includes generic synonym *Mandrillus*
- Papio sphinx* : Includes generic synonym *Mandrillus*
- Papustyla pulcherrima* : Includes generic synonym *Papuina*
- Parmoptila woodhousei* : Includes synonym *Parmoptila rubrifrons*
- Passer griseus* : Includes synonyms *Passer diffusus*, *Passer gongonensis*, *Passer suahelicus* and *Passer swainsonii*
- Peltocephalus dumeriliana* : Formerly included in *Podocnemis* spp.
- Pelusios gabonensis* : Also referenced as *Pelusios subniger*
- Physeter macrocephalus* : Includes synonym *Physeter catodon*
- Ploceus cucullatus* : Includes synonym *Ploceus nigriceps*
- Ploceus heuglini* : Includes synonym *Ploceus atrogularis*
- Ploceus luteolus* : Also referenced as *Sitagra luteola*
- Ploceus melanocephalus* : Also referenced as *Sitagra melanocephala*
- Ploceus velatus* : Includes synonyms *Ploceus katangae*, *Ploceus reichardi*, *Ploceus ruwetii* and *Ploceus vitellinus*
- Potamilus capax* : Includes generic synonym *Proptera*
- PRIMATES** spp. : Includes family *Tupaiaidae*
- Priodontes maximus* : Includes synonym *Priodontes giganteus*
- Psammobates geometricus* : Also referenced in genus *Testudo*
- Pteronetta hartlaubii* : Also referenced as *Cairina hartlaubii*
- Pterygota excelsa* : Includes synonym *Basiloxylon excelsum*
- Pygathrix* spp. : Includes generic synonym *Rhinopithecus*

<i>Pyrenestes ostrinus</i>	: Includes synonyms <i>Pyrenestes frommi</i> and <i>Pyrenestes rothschildi</i>
<i>Saguinus oedipus</i>	: Includes synonym <i>Saguinus geoffroyi</i>
<i>Salacca clemensiana</i>	: Formerly listed as <i>Zalacca clemensiana</i>
<i>Selenarctos thibetanus</i>	: Also referenced as <i>Ursus thibetanus</i>
<i>Sphiggurus spinosus</i>	: Includes generic synonym <i>Coendou</i>
<i>Stangeria eriopus</i>	: Includes synonym <i>Stangeria paradoxa</i>
<i>Tamandua tetradactyla</i>	: Includes synonym <i>Tamandua mexicana</i>
<i>Tauraco porphyreolophus</i>	: Formerly included in genus <i>Gallirex</i>
<i>Tetrao mlokosiewiczii</i>	: Includes generic synonym <i>Lyrurus</i>
<i>Thamnophis couchi hammondi</i>	: Formerly included in <i>Thamnophis elegans</i>
<i>Toxolasma cylindrella</i>	: Also referenced in genus <i>Carunculina</i>
<i>Tragelaphus spekei</i>	: includes generic synonym <i>Taurotragus</i>
<i>Treron calva</i>	: Also referenced as <i>Treron australis</i> (in part)
<i>Trogonoptera</i> spp.	: <i>Sensu</i> D'Abrera
<i>Troides</i> spp.	: <i>Sensu</i> D'Abrera
<i>Turtur brehmeri</i>	: Also referenced as <i>Calopelia brehmeri</i> ; includes synonym <i>Calopelia puella</i>
<i>Turtur tympanistria</i>	: Also referenced as <i>Tympanistria tympanistria</i>
UNIONOIDA	: Formerly listed as NAIADOIDA
<i>Unio nickliniana</i>	: Formerly listed as <i>Unio (Megalonaia) nickliniana</i>
<i>Unio tampicoensis tecomatensis</i>	: Formerly listed as <i>Unio (Lampsilis) tampicoensis tecomatensis</i>
<i>Uraeginthus bengalus</i>	: Also referenced as <i>Estrilda bengala</i>
<i>Ursus maritimus</i>	: Includes generic synonym <i>Thalarctos</i>
<i>Vidua chalybeata</i>	: Also referenced as <i>Hypochoera chalybeata</i> ; includes synonyms <i>Vidua amauropteryx</i> , <i>Vidua centralis</i> , <i>Vidua neumanni</i> , <i>Vidua okavangoensis</i> and <i>Vidua ultramarina</i>
<i>Vidua paradisaea</i>	: Includes synonym <i>Vidua orientalis</i>
<i>Villosa trabalis</i>	: Includes generic synonym <i>Micromys</i>
<i>Vulpes zerda</i>	: Includes generic synonym <i>Fennecus</i>
<i>Welwitschia bainesii</i>	: Includes synonym <i>Welwitschia mirabilis</i>
<i>Xenochrophis piscator</i>	: Formerly included in genus <i>Natrix</i>

SPECIAL FLORA NOTES

Since 1 August 1985 all parts and derivatives of flora listed in Appendix II of the Convention are subject to CITES controls except:

- a) seeds
- b) spores and pollen (including pollinia)
- c) tissue cultures and flaked seedling cultures
- d) fruits and parts and derivatives thereof of naturalized or artificially propagated Cactaceae
- e) separate stem joints (pads) and parts and derivatives thereof of naturalized or artificially propagated *Opuntia* spp. subgenus *Opuntia*
- f) separate leaves and parts and derivatives thereof of naturalized or artificially propagated *Aloe vera*
- g) cut flowers of artificially propagated Orchidaceae
- h) fruits and parts and derivatives thereof of artificially propagated *Vanilla* spp.

Prior to 1 August 1985 all parts and derivatives of flora listed in Appendix II of the Convention were subject to CITES controls except where specifically designated as including only roots, trunks or timber.

This has resulted in the following changes:

<i>Aloe</i> spp.	formerly included all parts and derivatives, now includes all parts and derivatives except those in notes a), b), c), f).
<i>Araucaria araucana</i>	formerly referred to timber, now includes all parts and derivatives except those in notes a), b), c).
CACTACEAE	formerly included all parts and derivatives, now includes all parts and derivatives except those in notes a), b), c), d), e).
CYATHEACEAE spp.	formerly included just trunks, now includes all parts and derivatives except those in notes a), b), c).
CYCADACEAE spp.	formerly included all parts and derivatives, now includes all parts and derivatives except those in notes b), c).
DICKSONIACEAE spp.	formerly included just trunks, now includes all parts and derivatives except those in notes a), b), c).
<i>Dioscorea deltoidea</i>	formerly included just roots, now includes all parts and derivatives except those in notes a), b), c).
<i>Guaiacum sanctum</i>	formerly included just timber, now includes all parts and derivatives except those in notes a), b), c).
ORCHIDACEAE spp.	formerly included all parts and derivatives, now includes all parts and derivatives except those in notes a), b), c), g), h).
<i>Panax quinquefolius</i>	formerly included just roots, now includes just roots and readily recognizable parts thereof.
<i>Pterygota excelsa</i>	formerly included just timber, now includes all parts and derivatives except those in notes a), b), c).
<i>Quercus copeyensis</i>	formerly included just timber, now includes all parts and derivatives except those in notes a), b), c).
<i>Rhipsalis</i> spp.	formerly included all parts and derivatives, now includes all parts and derivatives except those in notes a), b), c), d).
<i>Saussurea lappa</i>	formerly included just roots, but now listed in Appendix I.
<i>Swietenia humilis</i>	formerly included just timber, now includes all parts and derivatives except those in notes a), b), c).
ZAMIACEAE spp.	formerly included all parts and derivatives, now includes all parts and derivatives except those in notes b), c).
All other species	includes all parts and derivatives except those in notes a), b), c).

PART 2

A RECORD OF SPECIFIC RESERVATIONS ENTERED BY PARTIES TO CITES

The scientific names in these lists are based on the official Appendices I and II as at 29 August 1986 and Appendix III as at 5 March 1986, and on previous editions of the official Appendices, produced by the CITES Secretariat. The information included has also been obtained from documents produced by the CITES Secretariat.

Wildlife Trade Monitoring Unit

Explanation

The list on the following pages details all reservations that have been entered by Parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora. The dates given are the date of entry into force of each reservation and, where relevant, the date of withdrawal of the reservation. As in the CITES text, "species" means any species, subspecies or geographically separate population thereof.

The numbered annotations refer to the notes on pages 14 and 15 and a list of the I.S.O. country codes used is included on page 16.

Key

r - denotes a reservation withdrawn as a result of the removal of a species from the Appendices

s - denotes a reservation succeeded by a later reservation involving a higher taxonomic group

t - denotes a reservation withdrawn as a result of a species having been transferred from Appendix I to Appendix II

T - denotes a reservation withdrawn as a result of a species having been transferred from Appendix II to Appendix I or from Appendix III to Appendix II

! - indicates reservations entered by Austria with respect to all amendments to Appendices I and II adopted at the fourth and fifth meetings of the Conference of the Parties held in Gaborone, Botswana in April 1983 and Buenos Aires, Argentina in April 1985

NotesAppendix I

1. Includes generic synonym *Rhinopithecus*
2. Includes synonym *Physeter catodon*
3. Includes synonym *Eschrichtius glaucus*
4. Except population of West Greenland
5. Reservation not applicable to stocks (A) in North Pacific and (B) in area from 0 degree longitude to 70 degrees east longitude from the equator to the Antarctic Continent
6. Stocks (A) in North Pacific and (B) in area from 0 degree longitude to 70 degrees east longitude from the equator to the Antarctic Continent
7. Reservation not applicable to stocks (A) in North Atlantic off Iceland, (B) in North Atlantic off Newfoundland and (C) in area from 40 degrees south latitude to Antarctic Continent, from 120 degrees west longitude to 60 degrees west longitude
8. Stocks (A) in North Atlantic off Iceland, (B) in North Atlantic off Newfoundland and (C) in area from 40 degrees south latitude to Antarctic Continent, from 120 degrees west longitude to 60 degrees west longitude
9. Taxon previously listed as *Eubalaena* spp.
10. Populations of Bhutan, India, Nepal and Pakistan
11. Asian population (also listed as *Lynx caracal*, includes the generic synonym *Caracal*)
12. Indian population
13. Populations of Afghanistan, Bhutan, Burma, India, Nepal and Pakistan
14. Himalayan population
15. Populations of Algeria, Burkina, Cameroon, the Central African Republic, Chad, Mali, Mauritania, Morocco, Niger, Nigeria, Senegal and Sudan
16. Often traded under the incorrect designation *Ara caninde*
17. Reservation not applicable to the Australian population
18. Population of the United States of America
19. Except population of Zimbabwe and populations of the following countries: Cameroon, Congo, Kenya, Madagascar, Malawi, Mozambique, Sudan, United Republic of Tanzania and Zambia
20. Except population of Papua New Guinea and, since 01/08/85, the population of Indonesia and the ranched population of Australia
21. Population of Chile
22. Also referenced in genus *Escobaria*
23. Also referenced in genus *Neolloydia*
24. Also referenced as *Nopalxochia macdougalii*
25. Also referenced as *Solisia pectinata*

Appendix II

26. Except populations of Bhutan, India, Nepal and Pakistan
27. Includes generic synonym *Fennecus*
28. All North American subspecies
29. Population of Europe, except USSR
30. Chinese population
31. Except populations of Afghanistan, Bhutan, Burma, India, Nepal and Pakistan
32. Except Himalayan population
33. Except those species listed in Appendix II prior to 01/08/85: *Phoenicoparrus andinus*, *Phoenicoparrus jamesi*, *Phoenicoparrus chilensis* and *Phoenicoparrus ruber*
34. Except those species listed in Appendix I, which were *Falco peregrinus anatum*, *Falco peregrinus babylonicus*, *Falco peregrinus peregrinus* and *Falco peregrinus tundrius* and after 04/02/77 *Falco araea*, *Falco newtoni aladabranus*, *Falco peregrinus* and *Falco punctatus*
35. Except those species listed in Appendix I: *Grus americana*, *Grus canadensis hesiotes*, *Grus canadensis pulla*, *Grus japonensis*, *Grus leucogeranus*, *Grus monacha*, *Grus nigricollis* and *Grus vipio* and those listed in Appendix II prior to 01/08/85: *Anthropoides virgo*, *Balearica regulorum* and *Grus canadensis pratensis*
36. Except *Melospittacus undulatus*, *Nymphicus hollandicus*, *Psittacula krameri* and those species listed in Appendix I, namely (as at 29/08/86): *Amazona arausiaca*, *Amazona barbadensis*, *Amazona brasiliensis*, *Amazona dufresniana rhodocorytha*, *Amazona guildingii*, *Amazona imperialis*, *Amazona leucocephala*, *Amazona pretrei*, *Amazona versicolor*, *Amazona vinacea*, *Amazona vittata*, *Anodorhynchus glaucus*, *Anodorhynchus leari*, *Ara ambigua*, *Ara glaucogularis*, *Ara macao*, *Ara rubrogenys*, *Aratinga guarouba*, *Cyanopsitta spixii*, *Cyanoramphus auriceps forbesi*, *Cyanoramphus novaezelandiae*, *Geopsittacus occidentalis*, *Neophema chrysogaster*, *Opopsitta diophthalma coreni*, *Pezoporus wallicus*, *Pionopsitta pileata*, *Psephotus chrysoterygius*, *Psephotus pulcherrimus*, *Psittacula echo*, *Psittacus erithacus princeps*, *Pyrrhura cruentata*, *Rhynchopsitta* spp. and *Strigops habroptilus*
37. Populations of the following countries: Cameroon, Congo, Kenya, Madagascar, Malawi, Mozambique, Sudan, United Republic of Tanzania and Zambia
38. Population of Indonesia and the ranched population of Australia
39. *Sensu D'Abrera*
40. Formerly listed as *Mytilus chorus*

Notes (continued)

41. The revision of the listing of the parts and derivatives included in Appendix II which was adopted at the fifth meeting of the Conference of the Parties to CITES held in Buenos Aires, Argentina in April/May 1985 resulted in the following additions to Appendix II, with respect to which Austria has entered reservations:
- All parts and derivatives other than timber, seeds, pollen (including pollinia), tissue cultures and flasked seedling cultures of *Araucaria araucana*, *Quercus copeyensis*, *Swietenia humilis*, *Pterygota excelsa* and *Gualacum sanctum*
- All parts and derivatives other than roots, seeds, pollen (including pollinia), tissue cultures and flasked seedling cultures of *Dioscorea deltoidea*
- All parts and derivatives other than trunks, seeds, pollen (including pollinia), tissue cultures and flasked seedling cultures of *DICKSONIACEAE* spp. and *CYATHACEAE* spp.
- The seeds of *CYCADACEAE* spp. and *ZAMIACEAE* spp.
42. All species of the family in the Americas
43. Until 29 August 1986, the listing of *Cactaceae* spp. in Appendix II was annotated "All species of the family in the Americas". This annotation was deleted by an amendment proposed by the Netherlands. The proposal stated that there were four possible interpretations of the annotated listing of *Cactaceae* spp. in Appendix II:
- All cacti regardless of their origin and status (either wild-collected or artificially propagated) were covered by CITES; or
 - All cacti taken in the wild in the Americas or artificially propagated in the Americas were covered by the Convention. Therefore, cacti artificially propagated or from naturalized populations from outside the Americas were not covered, except for *Rhipsalis* spp. which was listed separately; or
 - All cacti specimens were covered by CITES controls except those from naturalized populations outside the Americas. All specimens of *Rhipsalis* spp. were covered, regardless of their source; or
 - Appendix II cactus species included only those whose wild populations were completely confined to the Americas. Therefore, with the exception of *Rhipsalis* spp. which was separately listed, all species with naturalized populations outside the Americas were not covered by CITES controls.
- On the basis of these interpretations of the annotation, its deletion resulted in one of the following four additions to Appendix II with respect to which Austria has entered a reservation:
- None; or
 - All cacti artificially propagated outside the Americas and from naturalized populations outside the Americas, except *Rhipsalis* spp. and species already in Appendix I; or
 - All naturalized populations of Appendix II cacti outside the Americas except those of *Rhipsalis* spp.; or
 - All species of cactus that have naturalized populations outside the Americas except *Rhipsalis* spp. and those listed in Appendix I.
44. Australian populations

Appendix III

45. Incorporated into *Bradypus variegatus*, which was listed in Appendix II
46. Except *Rhea americana albescens* (included in Appendix II)
47. Except *Anas aucklandica nesiotis*, *Anas diazi*, *Anas laysanensis*, *Anas oustaletti*, *Branta canadensis leucopareia*, *Branta sandvicensis*, *Cairina scutulata* and *Rhodonessa caryophyllacea* (all included in Appendix I) and *Anas aucklandica aucklandica*, *Anas aucklandica chlorotis*, *Anas bernieri*, *Anser albifrons gambelli*, *Branta ruficollis*, *Coscoroba coscoroba*, *Cygnus columbianus jankowskii*, *Cygnus melanocoryphus*, *Dendrocygna arborea* and *Sarkidiornis melanotos* (all listed in Appendix II)
48. The Appendix III listing of *Accipitridae* spp. applied to all species occurring in Costa Rica except *Narpyia harpyja* which was already listed in Appendix I
49. Except *Ducula mindorensis* (listed in Appendix I) and *Caloenas nicobarica pelewensis*, *Gallicolumba luzonica*, *Goura* spp. (listed in Appendix II)
50. Except those species listed in Appendix I or II (4 February 1977).
- Appendix I: *Amazona dufresniana rhodocorytha*, *Amazona guildingii*, *Amazona imperialis*, *Amazona leucocephala*, *Amazona pretrei*, *Amazona versicolor*, *Amazona vinacea*, *Amazona vittata*, *Anodorhynchus glaucus*, *Anodorhynchus leari*, *Aratinga guarouba*, *Cyanopsitta spixii*, *Cyanoramphus auriceps forbesi*, *Cyanoramphus novaezelandiae*, *Geopsittacus occidentalis*, *Neophema chrysogaster*, *Pezoporus wallicus*, *Pionopsitta pileata*, *Psephotus chrysoterygius*, *Psephotus pulcherrimus*, *Psittacula echo*, *Psittacus erithacus princeps*, *Pyrrhura cruentata*, *Rhynchopsitta pachyrhyncha* and *Strigops habroptilus*
- Appendix II: *Cacatua tenuirostris*, *Calyptorhynchus lathami*, *Coracopsis nigra barklyi*, *Cyanoramphus malherbi*, *Cyanoramphus unicolor*, *Eumyphicus cornutus*, *Neophema splendida*, *Opopsitta diophthalma coxeni*, *Poiccephalus robustus*, *Polytelis alexandrae*, *Probosciger aterrimus*, *Proserpia personata*, *Psephotus haematogaster narethae* and *Tanygnathus lucionensis*
51. Except *Tauraco porphyreolophus* and *Tauraco corythaix* (listed in Appendix II)
52. Except *Tyto soumagnei* (listed in Appendix I)
53. Except *Aethya blewitti*, *Ninox novaezeelandiae roynae*, *Ninox squamipila natalis* and *Otus gurneyi* (on Appendix I) and *Bubo bubo*, *Nyctea scandiaca*, *Otus nudipes newtoni* and *Strix butleri* (listed in Appendix II)
54. Except *Carduelis cucullatus* (Appendix I) and *Carduelis yarrowii* (Appendix II)
